Etiquette

1. No one should move, talk or stand close to or directly behind the ball or hole when a player is addressing the ball or making a stroke,
2. The player who has the honour should be allowed to play before their opponent or fellow competitor tees their ball.
3. No player should play until the players in front are out of range.
4. In the interests of all, players should play without delay.
5. The players searching for a ball should allow other players coming up to pass them; they should signal to the players following them to pass, and should not continue their play until those players have passed and are out of range.
6. Before leaving a bunker a player should carefully fill up all the holes made by him therein.
7. Through the green, a player should ensure that any turf cut or displaced by him is replaced at once and pressed down, and that, after the players have holed out, any damage made to the putting green by the ball or players is carefully repaired.
8. Players should ensure that, when dropping bags or the flagstick, no damage is done to the putting green, and that neither they nor their caddies damage the hole by standing close to the hole or in handling the flagstick. The flagstick should be properly replaced in the hole before the players leave the putting green.
9. When the play of a hole has been completed, players should immediately leave the putting green.
